Wey Valley College PE Grant

In 2020/2021 Wey Valley College received a PE grant of £1,667. This funding was carried forward and added to £4,500 in PE grant funding underspend from 2019/2020.

This income is used to develop or add to the PE and sport activities that Wey Valley College already offers as part of the curriculum to build capacity and capability within the school to ensure that improvements made now will benefit pupils joining Wey Valley College in future years.

We are committed to ensuring:

- The engagement of all pupils in regular physical activity – the Chief Medical Officer guidelines recommend that all children and young people aged 5-18 engage in at least 60 minutes of physical activity a day, of which 30 minutes should be in school
- That the profile of PE and sport is raised across the school as a tool for whole school improvement
- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Broader experience of a range of sports and activities offered to all pupils
- Increased participation in competitive sport
